Our Story

We invented a way of grilling pizzas on a modified BBQ, using special Duplex Stainless steel. For the first unit, old ducting was used to test the concept, and the octagonal design quickly followed afterwards.

The final design recently won 2nd place in the International Trade Council's "Go Global" retail category!

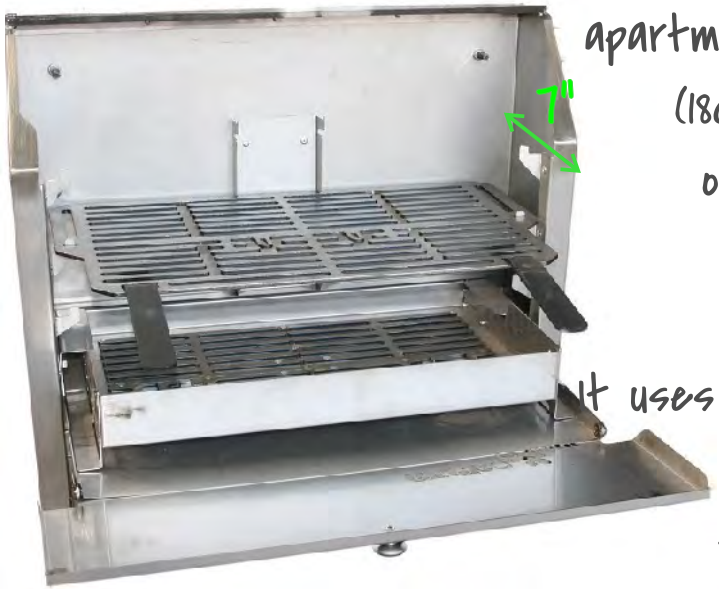
Gecko Grill MIDI

Charcoal or Gas



The Gecko Grill MIDI is the most versatile Grill on the market today. It is a wall-mounted unit ideal for a small cottage or apartment. With a width of only 7 inches (18cm) in the closed position, it folds open to a generous grilling area of 246 in² (1590cm²).

It uses either charcoal or gas as a heat source and is capable of grilling pizzas, steaks, sausages, burger patties and so much more!

Spitfire Rotisserie

The Gecko Grill SpitFire is a conventional gas-fired rotisserie with a removable front lid cover, as well as a 12V motor. The unit is small and compact - ideal for any roast or whole chicken when camping or preparing an outdoor meal (with power from the 12V car jack plug or wall socket).

Gecko Bake

The Gecko Bake is a baking accessory designed to fit on the Gecko Mobi.
It is essentially a small oven which can be used for bread, muffins, baked vegetables etc. Simply place 8-10 coals below, 8-10 coals on top of the unit and leave it closed to minimize heat loss.

Gecko Grill Accessories

There are a number of accessories available for the Gecko Grill range of products. For the MIDI unit, packaging can also be done in a plastic crate, including a pizza cutter and rolling pin. One would then essentially have a "pizza grilling box" ready for any outdoor, camping or tailgating activity. There are also collapsible Fire-starters, additional Plates, and Carry Bags available, as well as Bread Baking Tunnels.

Gecko Recipe App

We understand that we have created a new way of grilling a variety of dishes and some instructions would come in handy. We have created a mobile phone App with access to the most important recipes, to ensure success from the very beginning for all our customers.
